## Building fun for all ages!

▶ DUPLO® toys have all the qualities that a parent is looking for. They are safe, durable, educational, versatile and made to the highest standards, for lasting play.

As your child grows older the LEGO® range grows with your child and from the age of three DUPLO bricks can be built together with LEGO® SYSTEM FreeStyle components.

**LEGO** SYSTEM  
3-16 years

LEGO toys can be washed by hand using warm water - max 40° C - and washing up liquid. Maximum storage temperature is 40° C.

**LEGO** Technic

7-16 years

Within LEGO SYSTEM you can travel from inner space to outer space or from Indigo Island to the battlements of Saxondale Castle.

From the different play themes of LEGO SYSTEM the challenges of LEGO TECHNIC are waiting to be discovered from the age of 7 years.

Here your building skills can be put to the test on the new Octan Indy

Racer or the TECHNIC Control II for a truly TECHNO-FUNCTIONOMICAL time!

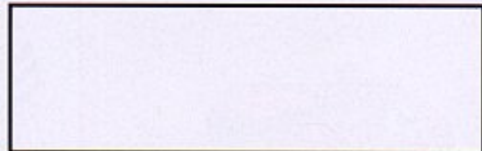

## Are your children learning with LEGO® products at school?

Don't be surprised if they are!

LEGO Dacta is the educational division of LEGO UK Limited, and thousands of children are already working with LEGO Dacta sets, from Nursery schools to Secondary schools.

All LEGO Dacta products are curriculum based and designed for group use. Extensive teacher support material makes learning easy and fun.

LEGO Dacta sets are not available through this brochure or in the shops. For more information please telephone us on: 0978 290900 and ask for LEGO Dacta or fax us on 0978 296239.

2691  
DUPLO My First Fire Engine

2692  
DUPLO Fire Rescue  
including a fire hydrant, a fire truck  
and two firefighters ready to tackle any blaze

From the age of two years children become a lot more sociable and enjoy playing with friends.

The four new DUPLO® Fire Sets give children the opportunity to play together and to enact the role of fire fighters. The police, fire and airport themes allow children to act out scenes from every day life.

# 2-6 years Play Trains

**2730**  
**My First Electric Play Train Set.**  
Includes many sounds and functions which are under the child's control. From 3 years.

**2740**  
**DUPLO Level Crossing.**

**2735**  
**DUPLO Curved Track (SIX)**

**2734**  
**DUPLO Straight Track (SIX)**

**2733**  
**DUPLO Push-Along Play Train.**  
The sides of the trailer can be lowered to let the elephant on board.

**2736**  
**DUPLO Points (TWO)**

**2737**  
**DUPLO Diamond Crossing and Track Pack (EIGHT)**

**Play Train**

My First Electric Play Train will run on 3 x 1.5 volt batteries. Four different sounds indicate the functions: start, stop, reverse and automatic power cut out. The cut out facility comes into effect when the train has not been activated for two minutes.

The train can be controlled in three different ways: a start/stop button situated on top of the train, a pole reverser which changes the train's direction and by means of a start/stop rail.

The additional benefit of the DUPLO® Play Train range is that your child can design and build both the trains and track layouts themselves. The range is collectable and each addition gives the child more scope for creative play.

# TRAINS

From 7-12 years

No city is complete without a railway network. But unlike the network in most cities, with LEGO® SYSTEM Trains the track and carriages can be built in a new way each day. With a transformer instead of batteries, the Freight Express

just keeps on rolling! The rails connect firmly and easily and the electric current is conducted through the wheels of the trains. It is as simple as it is reliable.

# SPACE

From 5-12 years

**SPYRIUS**

**ICE PLANET**

**SPACE POLICE**

The Spyrius are a group of villains who terrorise other inhabitants of the United Galaxies. They are very devious and steal satellites and rockets whenever they can. The monster robots are then positioned to guard the stolen equipment, keeping it away from the prying eyes of the Space Police.

To survive on this ice covered planet you need special thermal protection because of the freezing conditions. Advanced rockets and satellites are launched from this planet but unfortunately many get stolen. Could this be the work of the villainous Spyrius?

The Space Police have the fastest and most advanced spacecraft in the galaxy which help in their quest to keep the United Galaxies trouble free. The activities of the Spyrius constantly jeopardise the efforts of the Space Police - can you help to keep the Galaxies safe?
