LEGO® Toys for babies and pre-school children

Children learn by playing, and during the first two years they learn more than during the rest of their lives. That is why we do our very best to design toys which not only entertain children, but also stimulate and develop their basic skills. You will find the full selection of our system of toys for babies and pre-school children on pages 2-17

For children who love to role-play

Children of five years or more love playing "family", making different settings and they adore all kinds of cute decoration. The LEGO SYSTEM Belville and LEGO Scala ranges are designed with that in mind, so it is just up to you to pick your favourite sets on pages 18-25 for imaginative role play fun.

For children with a sense of excitement and adventure

Some children are hooked on building action-filled models and playing cowboys, aliens from outer space, deep sea divers, kings and adventurers, or challenging their skills with some really technically advanced constructions. Start on page 26 and find more than 59 exciting models which children can build, take apart and rebuild into something else over and over again.

All LEGO sets fit together, from LEGO PRIMO to LEGO TECHNIC, which means no set is a toy on its own. Each toy can be combined with additional LEGO sets, giving great value for money.

LEGO Bricks
- except for electric
parts, can be washed
at up to 40°C.

2093
LEGO PRIMO
The Ladybird Rattle
is also a mobile. Later it might turn
into a telephone. It can rattle and
the "neck" is made from a material
which is safe to chew. The small
black spots are set off so the small
fingers can feel and search for them.
From 0-24 months.

NEW

2007
LEGO PRIMO Singing Camel
Your baby's first pet animal is also a music
box. When you twist the Camel's body
it plays a tune. For your baby it is nice
to touch and hold. Age 0-24 months.

New 1998. Available from May.

0-24
months

2094

LEGO PRIMO Cozy Duck

The small cotton house makes it fun for children to discover how the world around them feels. The door of the house is closed by velcro tape so they can practice opening and closing it. When the LEGO DUPLO animals enter the game the house can be turned into an elephant's cage, or something completely different. From 0-24 months.

NEW

2021

LEGO PRIMO Gift Set

A collection of toys to stimulate your baby's senses and skills during the first two years. Including things that rattle, some that are nice to suck and bite, and lots of possibilities for stacking and practising motor skills. From 3 months.

NEW

2000

LEGO PRIMO Sally Starfish

A cute little teether. Good to hold, nice to bite on and attractive to look at. Yellow is one of the first colours babies react to. From 3 months.

NEW

2001

LEGO PRIMO Sun Set

To stimulate eyes, ears and hands. The palm tree makes a sound when you press the stem and the blue figure rattles. From 3 months.

2095

LEGO PRIMO The Roll n' Play Ball

puts your child's motor skills to work. When the ball is thrown it never rolls out of reach. New faces pop up from the holes in the ball every time it is turned. The ball is ideal to use when you make up little stories for your child. From 3 months.

2096

LEGO PRIMO Stack-a-Mouse

stimulates your child's ability to coordinate. The parts can be stacked in various ways, always leaving your child feeling successful. The building will be accompanied by a lovely rattling sound from the way bottom piece. With the face on the top, every child can see how the little tower can "talk" to the other LEGO PRIMO animals. From 6 months.

Rrattle Rrattle

2097
LEGO PRIMO Caterpillar and Friends
 is great exercise for small hands. The bag bends down when you press it, and the looper rattles when it is moving. Later it can be built into a double decker bus, where the LEGO DUPLO bricks can take a ride. From 6 months.

2098
LEGO PRIMO Bathtime Boat
 sails just as well on the carpet as in the water. But it is especially fun to play with in the bath, as the chimney can be used as a shower. When your child presses the boat under water it goes "Hoooooot". From 6 months.

TUUTU

2099
LEGO PRIMO The Shape Sorter
 is quite a challenge for small brains. Give your child one box at a time to practise on. Afterwards, the boxes can be used for other things, such as a shelter for the LEGO DUPLO animals. From 8 months.

6-24
months

Every good experience is a victory

They roll when you throw them, they smile at you with their funny faces, and they also fit together. The LEGO PRIMO stacking blocks provide lots of fun and happy play experiences for your baby. The more your baby practices with the funny decorated blocks, the faster their motor and co-ordination skills will develop. All the sets you see here fit with the baby toys you have seen on the previous pages, and with the LEGO DUPLO bricks on the following pages. No matter which set you choose - LEGO PRIMO will entertain your baby not only right now, but way into the pre-school years.

NEW 2018
LEGO PRIMO "Little Brother" Stack'n'Learn set
Colourful blocks, a wagon and a boy for developing fun, stacking and playing. All in a handy storage container. From 6 months.

2089
LEGO PRIMO Stack 'n' Learn Gift Set.
From 6 months.

NEW 2022
LEGO PRIMO Amy Elephant

is a large elephant big enough to sit and rock on or add the rollers and your child can use their leg power to roll Amy Elephant along. Not only that, Amy's nose can be used for building, and lots of brightly coloured LEGO PRIMO blocks are included in this set and kept inside Amy. A first class toy for a first class child! From 9 months.

2092
LEGO PRIMO Canister
with building plate. From 6 months.

2081
LEGO PRIMO Stack 'n' Learn Starter.
Includes a rattle element. From 6 months.

NEW 2013
LEGO PRIMO
"My First Train" Stack'n'Learn set
This train can whistle and some of the
elements rattle. Your baby can stack all their favourite
LEGO PRIMO elements on board the train. From 6 months.

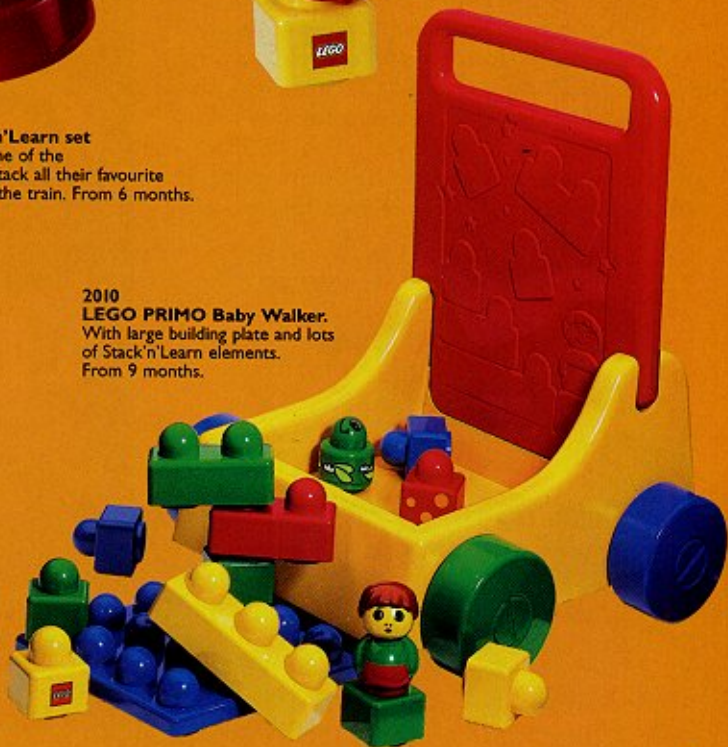

NEW 2011
LEGO PRIMO
"My Home"
Stack'n'Learn set
Cute stacking blocks
to stimulate your baby's
motor and co-ordination
skills. From 6 months.

New 1998. Available from March.

2010
LEGO PRIMO Baby Walker.
With large building plate and lots
of Stack'n'Learn elements.
From 9 months.

1½-5
years

2261
LEGO DUPLO Happy Gardener
with standard bricks, decorated elements
and a figure. From 18 months.

What comes out of the tunnel today - your child will tell you about tomorrow

At this age children use a lot of words - which can be very difficult to understand. You will however be able to understand what they are saying as they have just experienced it by building things with their LEGO DUPLO elements. For instance, they can make a ball disappear down a tunnel to suddenly reappear out at the other end. The more your child builds, plays and talks, the faster they develop.

2242
**LEGO DUPLO
Extra Bricks (S).**
Many standard bricks.
From 18 months.

2223
LEGO DUPLO Spooky House

TOWN

From 5-10 years

Give your five-year-old a good experience

ALL NEW

Available from
February 1998

From around five years of age, children want their toys to look like the real thing. They love to be able to build it all by themselves - but they are also pretty impatient. We have designed the new Town series with that in mind. Many elements are big and easy to handle - a wagon bottom for instance comes in one piece with the wheels already on.

Your child just has to add a few elements on top, then they have the coolest racer in town.

Easy to build and combine

The elements in each Town set are pre-sorted and packed together with pictures of what to build. Take the new Police Station for

instance, it is packed in six little bags, each building one unit. Your child will have fun playing with each unit as soon as it is built, and finally putting them all together.
